No. R. 7931-40—L. R. 160-12-10, DATED BANGALORE, 21ST JUNE 1913.

ORDER THEREON.—The appended Statement A shows that the total of the estimated jamabandi for the several districts for the year 1912-13 is Rs. 1,87,11,615 against Rs. 1,87,79,781, the actual demand for 1911-12. There has thus been a small decrease of Rs. 68,166 as indicated below:—

Heads of Revenue	Increase + or decrease — as compared with the actual demand for 1911-12 Rs
Land Revenue	+ 34,701
Forest	— 1,04,837
Abkari	+ 83,669
Mohatarfa	— 5,604
Salt	— 1,356
Miscellaneous	— 74,739
Total	— 68,166

2. *Land Revenue.*—The net increase of Rs. 34,701 under this head is chiefly due to expansion of cultivation and is spread over all the districts, except Bangalore, Tumkur and Chitaldrug, in which there was a decrease attributable to fall in the sale proceeds of Government land and amaroyi.

3. *Forest.*—The decrease of Rs. 1,04,837 under this head is due to poor realizations under minor forest produce in the Tumkur, Bangalore and Mysore Districts and to there having been no sale of tangadi bark during the year.

4. *Abkari.*—Under this head, there is a net increase of Rs. 83,669 due to favourable bids in Excise sales.

5. *Mohatarfa.*—The decrease of Rs. 5,604 under this head is spread over all the districts, except Shimoga and Chitaldrug, and is reported to be chiefly due to the formation of villages into Unions resulting in the transfer of the mohatarfa to the District Funds.

6. *Salt.*—The decrease of Rs. 1,356 under this head is contributed by the Chitaldrug District and is reported to be due to the reduction of fee on the salt pans in the district from Rs. 15 to Rs. 8 necessitated by the fall in the price of sea salt and the diminishing demand for earth salt.

7. *Miscellaneous.*—Under this head, there is a net decrease of Rs. 74,739 chiefly in the Bangalore, Tumkur, Mysore, Shimoga, Chitaldrug and Kadur Districts due to fall in the realizations under Stamps, Registration and other miscellaneous items.

8. The annexed Statement B gives Talukwar particulars with reasons for important fluctuations.

K. R. SRINIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

The summary of discussion in Subjects Nos. 113 and 162 of the Proceedings of the Representative Assembly of 1911-12, respectively, regarding the supply of village maps to all shanbhogs and the reply of Government thereto.

2. Letter No. 36, dated the 23rd August 1912, from the Superintendent of Revenue Survey and Settlement in Mysore, reporting that the supply of such a large number as nearly 18,000 village maps to all the shanbhogs at once entails extra labour and cost and proposing the following arrangements in the matter :—

(1) In the case of taluks that have been resettled, copies of village maps will be sent taluk by taluk to the Amildars concerned, as time, budget grant and current work permit of the same being done ;

(2) Of villages in taluks to be brought under revision settlement in future, three copies of maps will be sent after the introduction of revision settlement instead of two as hitherto, with the intimation that the 3rd copy is intended for the use of the shanbhog ; and

(3) In the case of villages in taluks where re-survey is in progress, revised maps will be issued after the introduction of the revision settlement.

No. R. 7466-76—L. S. 36-11-5, DATED BANGALORE, 7TH JUNE 1913.

ORDER THEREON.—Government are pleased to approve of the proposals of the Survey Superintendent.

The following recommendations of the Retrenchment Committee with a view to reduce the expenditure in the Survey Department —

(i) That on a change of the present incumbent, the pay of the Superintendent of Revenue Survey be revised and fixed at Rs. 800—$1\frac{0}{2}$0—1,200 instead of Rs 1,000—100—1,200 as fixed in Government Order No. R 8379-81, dated 14th March 1907.

(ii) That on a change of the present incumbent, the pay of the Deputy Superintendent, Revenue Survey, be revised and fixed at Rs 500—50—600 instead of the present scale, *viz.*, Rs 700—100—800.

(iii) That the number of Assistant Commissioners attached to the Survey Department be reduced by one.

No. R. 7539-40--L. S. 18-12-2, DATED BANGALORE, 10TH JUNE 1913.

ORDER THEREON.—On a careful consideration of the Committee's proposals, Government are pleased to direct that the pay of the Superintendent be fixed at Rs. 800—$1\frac{0}{2}$0—1,200 and that of the Deputy Superintendent at Rs. 600—50—700, so that it may be somewhat higher than that of a Senior Assistant Commissioner. This order will not apply to the present incumbents of the above offices.

2. The question of reducing the number of Assistant Commissioners (Assistant Superintendents of Survey) in the Survey Department will be deferred for the present.

APPENDIX.

PROSPECTUS OF THE AGRICULTURAL SCHOOL, BANGALORE.

In accordance with Government Order No. R. 6368-409—Agri 128-11-1, dated 6th May 1912, an Agricultural School will be opened at Bangalore during the 1st week of July 1913. During the first year, accommodation for about 15 students will be available.

2. The purpose of the school is to train, not specialists in the various agricultural sciences, but efficient and intelligent agriculturists. The course is, therefore, made as practical as possible and only so much scientific instruction will be given as is necessary for an intelligent understanding of the various agricultural processes.

3. As the purpose of the school is to give training to those who intend following agriculture as a profession, preference will be given to those whose parents own land in Mysore and are engaged in supervising its cultivation. Tuition and lodging will be free and board will be charged at cost price.

4. The course will, for the present, extend over two years. Should particular students show special aptitude for scientific work and should they desire further scientific training in any of the branches of agricultural science, arrangements will be made later for their further training.

5. The following is the course of study which, however, may undergo slight modifications if experience shows such to be desirable.

FIRST YEAR.

I. *Agriculture.*—(*a*) Practical work involving all the operations carried out on the farm, including wet and dry cultivation and the use of local and improved farm implements.

(*b*) Theoretical.—Lectures on Elementary Physiography including formation of soils, Meteorology, etc., leading up to the principles of soil treatment.

II. *Elementary Physics.*—(*a*) Mechanics.—Units of measurement, velocity, acceleration, force, energy, work, horse power, friction; draft, practical study of simple machines, such as lever, pulley, etc.

(*b*) *Soil Physics.*—Elementary hydrostatics, soil moisture, heat, air, principles of pumps, etc., lectures and laboratory work.

Revenue (Agriculture), dated 7th June 1913.

III. *Chemistry.*—Elementary Chemistry taking up especially the elements important in crop production.—Lectures and demonstrations with a few simple experiments.

IV. *Biology.*—(*a*) Morphology and Physiology of root, stem, leaf and flower, taking as objects common economic plants.

(*b*) Study of type animal forms as far as possible from living specimens.—Demonstrations of the main facts of Anatomy and Physiology.

V. *Farm mechanics.*—Practical work in the workshop together with the construction of simple farm implements.

SECOND YEAR.

I. *Agriculture.*—Theoretical.—(*a*) Study of the cultivation of the chief agricultural crops, crop rotations, experimental methods.

(*b*) Farm accounts, estate management, systems of land tenure.

(*c*) Animal breeding and management of live-stock, dairying.

Practical.— (*a*) Cultivation by students of individual plots for which accurate accounts are to be kept.

(*b*) General estate management; tours to study conditions throughout the State.

(*c*) Short course in dairying.

II. *Economic Botany.*—Study of the chief economic plants of the State, plant breeding, elements of gardening and horticulture.

III. *Mycology.*—The common plant diseases of the State with methods of prevention and control.

IV. *Agricultural Engineering.*—Mensuration, plan-drawing, estimating, elementary surveying, practical management of oil engines and pumps.

V. *Veterinary Science.*—Anatomy and Physiology, elements of Materia Medica and Pharmacy, Surgery, Obstetrics, Hygiene, with practical work.

VI. *Entomology.*—Study of type insects with life histories, collection of insects, preventive and remedial measures.

6. Those desiring to enter should address the Director of Agriculture, Bangalore, when application forms will be sent to them. While no definite entrance requirements have been formulated, candidates must show a knowledge of English, Arithmetic and other subjects sufficient to ensure that they will be able to follow the prescribed studies intelligently.

The following letter No. 6157, dated the 4th February 1913, from the Conservator of Forests in Mysore, reporting on the result of the auction sales of sandalwood in the several depots of the State in November and December 1912.

I have the honour to submit my Report on the Auction Sales of Sandalwood for the year 1912-13, for the information of Government.

2. The sales were commenced this year in the Mysore District and continued in the other districts in the order given below :—

District	Koti	Date of sale
1	2	3
Mysore	Hunsur	18th November 1912.
Do	Seringapatam	21st do
Bangalore	Bangalore	25th do
Hassan	Hassan	28th do
Kadur	Chikmagalur	2nd December 1912.
Do	Tarikere	5th do
Shimoga	Shimoga	9th do
Do	Sagar	12th do
Do	Tirthahalli	16th do

3. The total quantity of sandalwood exposed for sale in all the Kotis was a little over 2,407 tons and the whole was sold off readily. The following statement gives the quantities sold and the amount realized in each Koti :—

District	Koti	Auction sales	
		Quantity	Amount
1	2	3	4
		Tons. cwt. lbs	Rs. a p.
Mysore	Hunsur	150 4 28	3,13,038 15 7

Do	Tirthahalli	225 0 0	2,36,451 0 3
	Total	2,407 16 15	22,63,176 0 5

4 The gathering of purchasers was large at all the Kotis, except at Sagar, where there were only four—of whom, it would appear, only three competed. The competition was very keen and bidding very brisk throughout, so much so that the Indian merchants had no chance against their European rivals. The result, therefore, was very satisfactory from a financial point of view. High rates ruled right through. They rose from Koti to Koti as sales progressed and reached a climax in the Shimoga Koti. Afterwards, there was a slight fall in the Sagar and Tirthahalli Kotis due to the withdrawal of the Indian merchants who, feeling disappointed and depressed at the turn the sales had taken, abstained from attending these Kotis. I hesitate to express an opinion on the effect of these high rates on the sandalwood-oil market, but it seems impossible to view the future with equanimity. There is good reason to fear that they will be followed by a limited demand, or the replacement of sandalwood-oil by some other cheaper ingredient. Of one thing we may be certain, and that is they will compel the Indian merchants to close down their distilleries.

5. Compared with the figures of the past year, the quantity offered for sale and sold exceeded by tons 59-14-63.

Proceedings of the Government of His Highness the Maharaja of Mysore,

6. The result of the sales during the current year as compared with that of the previous year at the several Kotis is shown in the subjoined statement:—

Revenue (Forest), dated 5th June 1913.

16. Messrs. Volkart Brothers of Tellicherry purchased more than half the out-put, Messrs. Peirce Leslie & Co., 22 per cent and Messrs. Sorabji Nowroji & Co., of Bombay 12 per cent, leaving less than 12 per cent for some 20 Indian merchants many of whom are dependent on this trade alone.

17. The budget provision under sandalwood for the year 1912-13 is Rs. 10,75,000 and the actual realization exceeds this by Rs. 11,88,176.

18. The total quantity of private sandalwood sold along with the wood of the State during the year was tons 6-6-0 against tons 5-11-4 in the previous year and the amount realized was Rs. 5,874-11-5.

No. R. 7377-87—Ft. 37-12-18, dated Bangalore, 5th June 1913.

Order thereon.—The prices realized during the year were the highest on record. Although the quantity of sandalwood exposed for sale, *viz.*, 2,408 tons, was but slightly in excess of the quantity exposed in the previous year, the total realizations were more than ten lakhs in excess of the previous year, and amounted to Rs. 22,63,176. The all-round average rate fetched was Rs. 940 per ton against Rs. 534 in the previous year.

2. Government observe that the Conservator himself entertains doubts as to whether the present high level of prices will continue and apprehends that it may affect the demand by leading to the use of cheaper substitutes. As the question is important, the Conservator is requested to investigate the matter thoroughly in consultation with the Director of Industries and Commerce and submit proposals as to the measures necessary to enable Government to derive the fullest benefit from the existing monoply.

K. R. SRINIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.
The Director of Industries and Commerce.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (Separate Revenue), dated 13th June 1913.

READ—

Letter No 5360, dated 16th January 1913, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the Inamdars' claim to the toddy excise revenue of Kayamgutta Devaraddihalli village, Goribidnur Taluk.

No. FL. 7251-2—S. R. 186-12-2, DATED BANGALORE, 13TH JUNE 1913.

ORDER THEREON.—No proof of enjoyment has been adduced by the Inamdars. The inam title-deed expressly reserves the right of "Abkari" to Government. It is stated that the village has neither toddy shop nor toddy trees. In these circumstances Government, agreeing with the Deputy Commissioner and the Excise Commissioner, hold that the Inamdars are not entitled to the toddy excise revenue of the village.

Letter No. 5363, dated the 16th January 1913, from the Excise Commissioner in Mysore, submitting the records of enquiry relating to the Inamdars' claim to the toddy excise revenue of Jodi Bisalahalli village, Goribidnur Taluk.

No. FL. 7259-60—S. R. 191-12-4, DATED BANGALORE, 13TH JUNE 1913.

ORDER THEREON.—It is represented that no mention of toddy revenue is made in the copy of the sannad. The Inam settlement has further reserved the right of "Abkari" to Government. The Jodidars have not moreover produced satisfactory evidence, as to the existence of the shop or the enjoyment of toddy revenue as the evidence adduced related only to the leasing of the trees lately planted by the Inamdars to the Government contractor. In these circumstances Government, agreeing with the views of the Deputy Commissioner and the Excise Commissioner, hold that the claim of the Inamdars has not been established. They are only entitled to one-fifth of the grove farm rent according to Rule 4 of the Government Order No. 2074-83—R. F. 166-92, dated 2nd August 1901.

Letter No. 5365, dated the 16th January 1913, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the Inamdar's claim to the toddy excise revenue of Jodi Chambanahalli village, Bowringpet Taluk.

No. FL. 7365-6—S. R. 190-12-2, DATED BANGALORE, 23RD JUNE 1913.

ORDER THEREON.—It is observed from the report of the Deputy Commissioner that no evidence has been adduced by the Inamdar to substantiate his claim to the excise revenue of his village from toddy. Neither the Sannad, nor the Inam Register of enquiry, nor other proof of enjoyment of the alleged right has been adduced. In these circumstances, Government agreeing with the Deputy Commissioner and the Excise Commissioner, hold that the Inamdar is not entitled to this revenue and that he can only get $\frac{1}{3}$th of the grove farm rent under Rule 4 of the Rules issued in Government Order No. 2074-83—R. F. 116-92, dated 2nd August 1901.

Letter No. 7966, dated the 21st April 1913, from the Excise Commissioner in Mysore, submitting the records of enquiry relating to the Inamdars' claim to the excise revenue from toddy of Vanigere village, Kunigal Taluk, Tumkur District.

No. FL. 7470-1—S. R. 234-12-2, DATED BANGALORE, 30TH JUNE 1913.

ORDER THEREON.—The Inamdars of the village did not appear before the Investigating officer and prove their title to the toddy excise revenue of the village, though they were personally served with notices. The case was therefore decided *ex parte* by the Investigating officer whose decision was also communicated to them.

Concerning the merits of the case, Government agree with the conclusion arrived at by the Investigating officer and concurred in by the Excise Commissioner on the available records. The Excise Commissioner points out that the Inam register reserves this item of revenue to Government. There is a toddy shop in the village which also contains a few date trees. No proof of enjoyment by the Inamdars of the revenue derived from this source has been adduced. Government therefore hold that the Inamdars are not entitled to the toddy excise revenue of the village, and direct that the shop therein situated be treated as a Government shop.

No. FL. 7474-5—S. R. 192-12-2, DATED BANGALORE, 30TH JUNE 1913.

ORDER THEREON.—The sannad has not been produced, nor has the Inam title-deed conceded the right of the toddy excise revenue to the Inamdar. No proof of enjoyment of this revenue has been adduced by the Inamdar. Government concurring with the opinions of both the Deputy Commissioner and the Excise Commissioner hold that the Inamdar is not entitled to the toddy excise revenue of the village. He is entitled to only ½ of the grove farm rent under Rule 4 of the Rules issued by Government in Government Order No. 2074-83—R. F. 166-92, dated the 2nd August 1901.

Subject No 75 of the Representative Assembly Proceedings of 1912 in the matter of opying the endorsement made by the stamp vendor on stamp papers in the books of Registration offices when registering documents.

Summary of discussion—The Registration officers copy only the body of a document when it is registered in their books kept for that purpose and they do not copy out the tamp vendor's endorsement made on the stamp paper containing the document. When a opy of a document so registered is taken from the Registrar's office, it does not show the umber and date on which it was sold or the name of the vendor and the purchaser. Pray herefore that orders be issued to fully copy out the endorsement of the vendor in the books f the Registration office

No. 9936-51—L. B. 64-12-37, DATED BANGALORE, 16TH JUNE 1913.

ORDER THEREON.—*Constitution of Local Boards.*—The Kolar Gold Fields Sanitary Board was, as before, governed by the Mines Regulation and the Rules thereunder, and the District and Taluk Boards and Union Panchayets administered their affairs under the provisions of the Local Boards Regulation and the Rules made under that Regulation. The number of District and Taluk Boards remained the same as in the previous year, namely, 8 and 77. Eighty Union Panchayets, namely, one in the Hassan District, three in the Kolar District and seventy-six in the Mysore District were newly constituted, thus raising their number from 166 at the end of the previous year to 246 during the year under review.

2. *Rules, Regulation, etc.*—The Local Boards Regulation, II of 1902, was amended by Regulation IX of 1911 whereby power was conferred on the District Boards to frame bye-laws for the Regulation of markets, slaughterhouses, cart-stands, hotels, burial and burning grounds, etc., and for the control of unwieldy traffic on roads. Action is also being taken to amend the Regulation so as to empower the District Boards to levy a railway cess for the purpose of constructing feeder railway lines.

3. *Kolar Gold Fields Sanitary Board.*—The Board had on the last day of the year 14 members, of whom 7 were officials and the rest non-officials nominated by the Mining Board and approved by Government. Of these again 10 were Europeans and 4 Indians as in the previous year. Six meetings were held during the year, the average attendance at each meeting being 5 officials and five non-officials.

4. *District Boards.*—There were 211 members on the last day of the year on the eight District Boards against the sanctioned strength of 212 members. Of these 60 were *ex-officio*, 74 were non-officials nominated by Government and the remaining 77 elected by the Taluk Boards. The number of meetings held was in no case less than the prescribed minimum, namely 4 and the average attendance was 6 officials and 14 non-officials or twenty in all against an average strength of about 26 members for each District Board. At the meetings of the District Boards the attendance of the Amildars was secured whenever necessary and this is reported to have tended to the speedy disposal of matters under consideration of the Boards.

5. *Taluk Boards.*—The 77 Taluk Boards consisted, on the last day of the year, of 1,144 members against the sanctioned strength of 1,155 members. Of these 7 were Europeans and the rest Indians. Of these again, 368 were *ex-officio*, 361 were elected by the rural population and the Municipal Boards and the rest

were non-officials appointed by the Government. Seventy-one of the Taluk Boards met not fewer than the prescribed number of times, namely 6, while the remaining 6 Taluk Boards, *viz.*, Channapatna, Tiptur, Nanjangud, French Rocks, Arsikere and Jagalur met only five times. The average attendance of the members at the meetings was 2·6 officials and 5·4 non-officials or 8 in all, that is, a little over 50 per cent of the sanctioned strength of members for each Taluk Board. The attendance of members at the meetings of 28 Taluk Boards was less than 50 per cent of the sanctioned strength of each Board and the attendance in only two Taluk Boards, namely those at Mandya and Honnali was just the prescribed minimum of four members. The number of non-official members who attended the meetings was on the average more than the number of official members except in the Taluk Boards of Belur, Honnali, Nagar and Koppa. In the Taluk Boards of Arkalgud and Sorab the officials and non-officials attended in equal numbers. The average attendance of official members at the meetings of the Dodballapur, Anekal, Goribidnur, Turuvekere, T.-Narsipur, Mandya, Kadur and Yedahalli Taluk Boards was less than two. This cannot be regarded as satisfactory. As pointed out in last two years' review, official members should realize that they are expected as a part of their duty, to attend the meetings of the Local Boards and aid local administration, as far as possible. The absence of definite and independent powers on behalf of the Taluk Boards may possibly be a reason, for the want of interest generally shown by the members. Taluk Boards are not invested with any separate powers of administration, their chief function being at present to tender opinions whenever consulted. The Presidents of District Boards are requested to report separately in what manner the functions of Taluk Boards can be enlarged without affecting the efficiency of Local Fund Administration.

6. *Union Panchayets.*— On the last day of the year there were 246 Union Panchayets consisting of 1,926 members against the sanctioned strength of 1,943 members. Of these 513 were officials and the rest non-officials appointed by the Government. The elective franchise has not been extended to any of the Unions. Only 59 Panchayets met not fewer than the prescribed number of times, namely 12. In 43 Unions, the Panchayets did not meet even once during the year.

The President of the Tumkur District Board states that the meetings of several of the Union Panchayets can have been only a formality as there was hardly any item of discretionary expenditure in their budgets. The President of the Chitaldrug District Board suggests that the shortage in the number of meetings held by the Panchayets may be due to want of work. As in the case of Taluk Boards, the functions of the Union Panchayets seem to require development concerning which the Presidents of the District Boards are requested to submit separate proposals for the consideration of the Government.

The average attendance at the meetings of the Panchayets was 1·3 officials and 3·7 non-officials or 5 in all against an average strength of 8 members for each Panchayet. In 30 Unions all the non-official members attended all the meetings. In 6 Unions the attendance was less than fifty per cent of the sanctioned strength and in 8 Unions it was just equal to the quorum, namely, three.

7. *Finance Committees.*—The Finance Committees are reported to have met frequently and to have done good wook during the year in the Kolar, Tumkur, Hassan, Kadur and Chitaldrug Districts. In the Shimoga and Mysore Districts the Committees met only thrice and twice respectively, while no information has been furnished in the report of the Bangalore District regarding the number of meetings held and the work done by the committee, though this omission had been noticed in the review of the last year's report. The departure from the express provisions contained in Rules 120 and 121 of the Local Board Rules in some of the Districts is unsatisfactory and the Presidents are requested to see that the monthly accounts of the Boards are placed before the Finance Committees for review and examination every month.

8. *Relations of the Boards with one another.*—The relations of the Taluk Boards with the District Boards and of the Union Panchayets with their respective Taluk Boards continued to be satisfactory. No Taluk Board was declared to be independent of the District Board under Section 13 of the Regulation and no occasion

arose for the exercise of the powers given by Section 12 of the Regulation of providing for the performance of any duty imposed on a Taluk Board or Panchayet which it failed to perform. The resolutions of the Taluk Boards and of the Union Panchayets were not materially altered or reversed by their respective District and Taluk Boards except in a few cases in the Mysore, Kadur and Hassan Districts, in regard to matters relating chiefly to Ayurvedic and Unani Dispensaries, cattle shows and provisions to be made in the budgets for 1912-13.

9. *Financial Position.*—The receipts and expenditure during the year amounted to Rs. 8,72,873 and Rs. 8,59,447 against Rs. 8,56,257 and Rs. 7,60,814 respectively in the previous year. The excess in the expenditure was chiefly under public works in all the districts. The expenditure exceeded the receipts in the Bangalore, Kolar, Tumkur and Mysore Districts. All the Boards had the prescribed minimum balance, namely, one-eighth of the receipts. The actual expenditure in no case exceeded the budget provision. The incidence of revenue per 100 of the rural population was Rs. 16-12-9, of which Rs. 10-10-2 was derived from Local Cess, Rs. 1-12-8 from house and mohatarfa taxes and the balance from other miscellaneous sources. The expenditure per 100 of the rural population was Rs. 16-8-8, of which Rs. 7-12-5 was spent on works executed by the Public Works Department, Rs. 2-14-2 on works executed by the Civil Department, Rs. 1-10-5 on conservancy and sanitation and the balance on miscellaneous public improvements.

10. *Local Cess.*—As usual the principal source of income to the District Funds was the contribution of the seventy-six per cent of the local cess on land revenue. It amounted to Rs. 5,52,811 or 63 per cent of the total income during the year.

11. *House and Mohatarfa Taxes.*—There was an increase of Rs. 4,932 in the income under this head which amounted to Rs. 93,167. The President of the Kolar District Board states that the better collection of the house tax in the Unions of the district may be attributed to the people having gradually begun to realise the advantages resulting from the formation and development of Unions. The number of houses taxed in all the Unions of the State excepting those of the Mysore District for which the figures have not been furnished was 57,189, the incidence of revenue per 100 houses being Rs. 127. The President of the Chitaldrug District Board reports that the inhabitants of some Unions withheld payment of the taxes due as the amounts collected in the Unions were sometimes spent on emergent works in other places. He reports that he has issued instructions that the money realised in Unions should be spent in them and that in order to ensure this he has caused a separate register to be opened in his office showing the income and expenditure in each Union, as well as the amount at its credit, so that out of the available balance, works of utility may be carried on in the Unions. The attention of the Presidents of the other District Boards is drawn to Rule 132 (*f*) of the Rules under the Local Boards Regulation for adopting similar measures in their districts. The example of the President of the Chitaldrug District Board having separate register showing the accounts of each Union may well be followed in all the other districts.

12. *Tolls.*—The income under this head was Rs. 36,124. During the year a toll-gate was newly opened near Siddapur on the Somwarpet-Konanur road in the Arkalgud Taluk from the 1st July 1911. Towards the close of the year the opening of a toll-gate on the Madapur-Kaliyur road in the T.-Narsipur Taluk was also sanctioned. Though no tolls creditable to the District Funds are levied in the Chitaldrug District, the accounts of the District Board show a credit of Rs. 178 during the year. This amount appears to have been erroneously credited to the District Funds instead of to the State Funds. The Comptroller is requested to rectify the mistake in the accounts for the year 1912-13. He is also requested to report whether a similar erroneous credit of Rs. 853 was adjusted as requested in para 15 of Government Order No. 7691-704—L. B. 86-10-33, dated the 20th March 1911.

13. *Tax on Dogs.*—During the year the Kolar Gold Fields Sanitary Board was empowered to levy a tax of one rupee per annum on every bitch and eight

annas on every dog on the Kolar Gold Fields including Robertsonpet and the Cooly lines with effect from the 1st October 1911. The number of dogs and bitches so taxed during the year was 1,275 and the revenue realised therefrom amounted to Rs. 929.

14. It is noticed that no information is furnished in the Annual Administration Report of the District Boards regarding the demand and collection under each item of District Funds. Only the actual receipts under each item are given at present in the reports; and it is thus not possible for Government to have any correct idea regarding the manner and progress of collection of District Fund revenue. The question of prescribing another statement to embody this information will receive separate consideration.

15. *Expenditure—Public Works.*—The total expenditure on public works was Rs. 5,53,589 or about 64 per cent of the total expenditure during the year. Of this amount, Rs. 1,63,090 was spent on original works, Rs. 3,32,328 on repairs, Rs. 66,288 on establishments and Rs. 1,883 on tools and plant. A sum of Rs. 1,41,391 was spent on works proper executed by the Civil Department against the sanctioned grant of Rs. 2,08,737. About 32 per cent of the grant for the year was allowed to lapse, heavy lapses occurring in the Kolar, Tumkur, Mysore, Hassan, Shimoga and Chitaldrug Districts. No explanation has been furnished for the lapse in the Kolar District, while the others urge the late sanction of estimates, savings effected in the executed works, difficulty in securing labour and the non-receipt of bills in time as reasons for the lapses. The President of the Chitaldrug District Board reports that the whole of the amount allotted for public works in the Challakere Taluk was surrendered by the Amildar and that the progress shown in the taluk was far from satisfactory. The Presidents are requested to see, by frequent inspections of the works and examination of the accounts, that the budgetted amounts are spent on useful public works and that unnecessary lapses are avoided.

16. The President of the Chitaldrug District Board states that a major part of the District Board's income is spent by a department, *viz.*, Public Works Department over which the District Board has no control and suggests the appointment of an Engineer with sanitary knowledge for each district exercising control over Sanitary and Tank Inspectors and attending to the maintenance of tanks and District Board roads, the Provincial Engineering Department concerning itself only with large works. This should form the subject of a separate communication.

17. *Roads and Communications.*—The total length of roads repaired by the Public Works Department was $3{,}503\frac{8}{16}$ miles at an average outlay of Rs. 75 a mile. Towards the middle of the year, the Mysore-Talkad-Sivasamudram road, 33 miles in length was transferred from the control of the Public Works Department to the charge of the Civil Department for up-keep. In the Hassan District a total length of about 64 miles of village roads was formed with the help of the raiyats at an estimated cost of Rs. 1,620. In the Davangere Taluk a good road 13 miles in length was constructed out of the contribution of Rs. 400 paid by the raiyats. The President of the Chitaldrug District Board reports that the construction of village roads by private contribution is liable to abuse and that the matter deserves more careful consideration. The President is requested to submit definite and detailed proposals in the matter through the Revenue Commissioner.

18. The President of the Shimoga District Board urges that it is highly necessary to improve the existing communications and open up tracts hidden away in fastnesses and impenetrable jungles and that as it is not possible to do this with the meagre finances of the Board, all the roads along which the general traffic of the country is conveyed to the seaports on the West Coast and to the large centres of trade in the Dharwar District should be treated as provincial and opened out and maintained from Provincial Funds in order that the amounts now spent by the District Board on the maintenance of these roads may be utilized for improving the sanitation and affording medical relief in the interior of the malnad. Government regret that it is not possible to help the District Board in the manner suggested by the President and consider that the improvements indicated should be effected gradually as funds become available. The District Board should also take up the

question of increasing their resources by additional taxation or other means and any proposals in this direction will receive the careful consideration of Government.

19. *Local Fund Dispensaries.*—Female Dispensaries at Sagar and Chikballapur and a Local Fund Dispensary at Megarvalli in the Tirthahalli Taluk were newly opened during the year. Two sowcars of the Tirthahalli Taluk having consented to contribute Rs. 600 a year towards the establishment of the Dispensary at Megarvalli the dispensary has been sanctioned tentatively for a period of three years and it was opened towards the close of the year under review. One hundred and thirteen Local Fund Dispensaries were maintained in part at a total cost of Rs. 69,178 from the District Funds and 959,673 patients were treated therein. The Redfern Memorial Hospital at Hassan received a yearly grant of Rs. 200 from the funds of the Hassan District Board. The number of patients treated in the dispensary at Molakalmuru decreased by nearly one-half, while that at Jagalur was nearly 2½ times the number treated during 1910 11. No satisfactory explanation has been offered by the President of the District Board regarding these variations.

20. *Midwives and Maternity.*—The building known as the Coronation Hall at Robertsonpet was acquired during the year at a cost of Rs. 20,000 for locating the Maternity Hospital newly sanctioned for the Kolar Gold Fields and needful changes effected therein to make it suitable for the purpose of the Maternity Hospital. Besides paying one-third of the charges of the Maharani's Hospital at Mysore, the District Funds contributed Rs. 17,267 for the support of 92 midwives who attended in all to 5,648 labour cases during the year. The midwives attached to the places noted in the margin attended to more than 100 cases each and their work was good. The number of cases attended to by the midwives attached to the Benkipur, Sidlaghatta, Sira, Huliyar, Maddur, Heggaddevankote, Malvalli, Hoskote and Vartur Dispensaries was less than 20. For two consecutive years the number of cases attended to by the midwife at Vartur has been less than 10. The President of the Bangalore District Board is requested to state the reason for this poor work and to consider the necessity of continuing the midwife at Vartur. The entertainment of midwives at Basaral, Talkad and Maddur was sanctioned during the year. A midwife was newly appointed also for Kalasa. The midwife temporarily attached to Malebennur was ordered to be retained permanently.

21. *Ayurvedic and Unani Dispensaries.*—New Vaidyasalas were opened at Mayakonda in the Davangere Taluk and at Sravanabelgola in the Channarayapatna Taluk. The post of the Vaidya at Hura in the Nanjangud Taluk remained vacant for want of a qualified hand. The grant of Rs. 15 made from the District Funds to the Nikhilarogahari Hospital maintained by Krishnajettappa at Mysore was discontinued from 1st September 1911. There were at the end of the year 31 Vaidyasalas and Unani Dispensaries subsidized from the District Funds, at a total cost of Rs. 6,800. These institutions are reported to have been popular and to have continued to do good work during the year.

22. *Conservancy and Sanitation.*—Next to public works, the item on which the District Boards incurred large expenditure was sanitation. This is mostly confined to providing for sweepers in the Unions and no attention seems to have been paid as yet to the sanitation of important villages which have not been constituted into Unions, except for the introduction of Village Sanitation Rules in many of them. A sum of Rs. 85,680 was spent on conservancy and sanitation. The result of the system of dividing large Unions into wards for the purpose of supervision by individual members of the Panchayets has not been reported. The Presidents are requested to deal with this subject in the next report. The destruction of lantana and other noxious weeds received attention in the Kunigal, Chintamani, Sidlaghatta, Mulbagal, Chikballapur, Kolar and the Gudibanda Taluks and the Bangalore District. In some of the Unions of the Shimoga District, it is reported that there were no men available to take up the appointment of sweepers which carries only a small pay of Rs. 5 or 6. Suitable proposals regarding the

pay of the sweepers may be made by the President of the District Board separately for the consideration of Government.

23. *Sanitation Rules.*—The Village Sanitation Rules were in force in 9,034 villages and separate places had been set apart for the storage of manure in 5,941 villages. 722 persons were prosecuted for the breach of the rules and 355 persons were convicted and fines amounting to Rs. 817 recovered and credited to the District Funds.

24. On the Kolar Gold Fields 48 persons were prosecuted for the breach of Sanitary Rules. Of these 40 persons were convicted. 370 applications for licenses to sell articles of human consumption were granted during the year and 192 refused by the Kolar Gold Fields Sanitary Board. The license fees realized amounted to Rs. 713. For vending without licenses 14 cases were prosecuted on the Kolar Gold Fields. The President reports that the fines levied from the accused in cases prosecuted by the Sanitary Board are now credited to the State Funds and that the question of crediting such fines to the Sanitary Board as in the case of the District and Municipal Boards deserves consideration. The President is requested to submit a separate and detailed report in the matter for the orders of Government.

25. *Water-supply.*— Scarcity for water was felt only for a short period on the Kolar Gold Fields, and in Srinivaspur and Mulbagal Taluks and a few villages of the Chitaldrug District. New wells were sunk and old ones deepened as far as funds permitted in places where difficulty for water was experienced. Towards the annual maintenance of the Harihar water works the Chitaldrug District Board made a contribution of Rs. 1,625 during the year. Boring operations were continued during the year in the Sidlaghatta, Goribidnur and Chikballapur Taluks and the experiments carried out in Chikballapur showed that sufficient water might be obtained if a big well were sunk there for the water-supply of the town. The total expenditure incurred on these experiments amounted to Rs. 1,145 exclusive of the salary of the boring operator which was paid from the Local Funds General. Orders have been recently passed (*vide* Order No. C. 176-97—L. B. 224-11-10, dated 28th October 1912) placing the Boring expert under the State Geologist and sanctioning his retention till the end of June 1913.

26. *Plague Preventive Measures.*—Inoculation against plague and evacuation were the measures adopted to check the spread of plague. It is reported that inoculation and disinfection were freely resorted to by the people in the Chitaldrug District and that those who refused to quit their houses in the previous years, voluntarily evacuated them this time as soon as symptoms of plague appeared in the villages concerned.

27. *Vaccination.*—During the year 67,865 persons were vaccinated against 65,378 persons in the previous year. There was a considerable fall in the number of vaccinations performed in the Chitaldrug District and the decrease is attributed chiefly to plague and cholera which retarded the work of the vaccinators. In the Tumkur District the vaccination work is reported to be not quite satisfactory and the President states that the cause will be investigated. A report of the result of the investigation is awaited. There was a large increase in the number of persons vaccinated in the Kolar District and the Kurnool system of vaccination is reported to have worked well in the district.

28. *Vital Statistics.*—The number of births and deaths registered during the year was 97,158 and 98,608 against 91,658 and 95,669 respectively in the previous year. There was a large increase in the number of deaths in the Shimoga District and a large decrease in the Mysore District. Cholera was very prevalent during the year in the Shimoga and Chitaldrug Districts, where in all 3,966 persons succumbed to the disease out of 5,257 deaths from cholera for all the districts during the year. The patel of the Adivala village in the Hiriyur Taluk was awarded a gold medal in recognition of the services he rendered during the outbreak of cholera in the village. Certificates of merit were also presented to the patels of certain other villages for their good work in suppressing cholera.

29. *Accommodation for travellers.*—Three hundred and sixty-eight third class travellers' bungalows, musafirkhanas and other buildings were maintained for the

convenience of the travelling public at a cost of Rs. 25,509 against Rs. 25,904 in the previous year. The fees collected for the occupation of these buildings amounted to Rs. 2,379 or 9 per cent of the cost of their up-keep. The rules for the occupation of musafirkhanas were revised during the year so as to limit the period during which a traveller might be allowed to occupy a musafirkhana free to 3 days and to 15 days in all subject to the levy of a fee of annas 2 per day for each room occupied in excess of three days. Absence of native kitchens in some of the travellers' bungalows in the Shimoga District is reported to be very keenly felt by the travellers. The President is requested to supply the omission gradually as funds become available. The buildings are reported to have been cleanly kept and freely resorted to by the travelling public.

30. *Contributions.*—The District Funds made the following extraordinary contributions during the year:—

	Rs.
Contribution on account of relief measures connected with the Cauvery floods.—	
Mysore District Board	3,000
Tumkur	250
Hassan	300
Contribution on account of constructing a bridge across the Bhrigu river—	
First instalment—Mysore District Board	5,000
Contribution to the Weaving School at Chitaldrug	100
Total ...	8,650

31. *Charges for treatment of indigent patients in the Pasteur Institute.*—The charges for treatment of indigent patients bitten by rabid animals outside Municipal towns having been ordered to be met from the District Funds an expenditure of Rs. 798 was incurred during the year. Of this Rs. 754 was spent on the Kolar Gold Fields.

32. *Veterinary Charges.*—The expenditure incurred from the District Funds for the maintenance of the 8 Veterinary Dispensaries and Hospitals in the State was Rs. 2,521 against Rs. 2,354 in the previous year. Towards the establishment charges of these institutions the Local Funds General contributed Rs. 3,314 against Rs. 2,938 in the previous year. The institutions are reported to have been popular.

33. *Breeding Bulls.*—An Amrut Mahal bull for breeding purposes was supplied to the Kolar District but it died during the latter part of the year. The Hallikar breeding bull purchased by the Hassan District Board in lieu of an Amrut Mahal bull is reported to be proving useful. The expenditure incurred from the District Funds for the purchase and feeding of breeding bulls was Rs. 252.

34. *Cattle Shows and Exhibitions.*—The Local Funds General contributed as usual a moiety of the charges of the Dasara Industrial and Agricultural Exhibition at Mysore which amounted to Rs. 9,324 against Rs. 6,392 in the previous year. The District Board of Bangalore contributed a sum of Rs. 50 towards the expenditure of the cattle show held in connection with the Christmas Fete in the Cubbon Park at Bangalore. At Channagiri in the Shimoga District and Goribidnur in the Kolar District Industrial and Agricultural Exhibitions were also held. During the year cattle shows were held at Hassan, Nanjangud, Channagiri and Harihar and also at Ghati Subramanyam in the Dodballapur Taluk, Chunchinakatte in the Yedatore Taluk, Mudukthore in the T.-Narsipur Taluk, Hemagiri in the Krishnarajpete Taluk, Maddur in the Mandya Taluk, Himavat Gopalaswamy Hills in the Gundlupet Taluk, Rampur in the Honnali Taluk, Ramanathpur in the Arkalgud Taluk, and Antarghatte in the Kadur Taluk. Prizes were awarded to the exhibitors of the best cattle at these shows. Lectures and distribution of pamphlets on the prevention of cattle diseases and on the improvement of the breed of cattle formed a portion of the programme of these shows and exhibitions. Demonstrations of the improved agricultural implements and lectures on the improvement of agriculture and treatment of crop diseases formed a special feature of the shows held at Hassan, Harihar, and Channagiri.

35. *Loans.*—The loan of Rs. 20,000 taken by the Kolar Gold Fields Sanit Board for the purpose of constructing the markets and slaughterhouse, etc., refer to in Government Order No. 5301-2—L. F. 17-99 of 3rd December 1899, was co pletely discharged during the year.

36. *Railways.*—For the purpose of constructing a Railway from Bowring to Kolar at an estimated cost of Rs. 4,07,523 the Kolar District Board collec during the year Rs. 2,83,400 as a loan from the Public. Debenture bonds carryi interest at 4 per cent per annum have been issued and the Government have guar teed interest on the actual expenditure of the Railway for a period of 25 years fr the opening of the line for public traffic. The District Board of Chitaldrug havi proposed the construction of a Railway line from Chitaldrug to Chikjajur, the p posals of the Board for financing the construction of the Railway are under consideration of Government.

37. *Local Funds General.*—The income under Local Fund General was 2,01,318, of which Rs. 1,71,329 or 85 per cent was derived from the contribution the 67 per cent of the local cess on abkari and miscellaneous items of revenue. T expenditure during the year amounted to Rs. 1,94,375, of which Rs. 95,254 v spent on public works, Rs. 71,224 on technical instruction and the balance miscellaneous items. The balance to the credit of the fund at the end of the y was Rs. 1,74,241.

38. *Audit and Accounts.*—The system of local audit was extended to District Funds only during the current year and the District Fund accounts cea to be audited monthly in the Comptroller's office at Bangalore. During the y the local auditors audited the account of the Kolar Gold Fields Sanitary Board three years ending with 30th June 1911.

39. *General.*—Government note with satisfaction that the non-official me bers of the Local Boards continued to evince increasing interest in the local affa under their management. The President of the Tumkur District Board sugge that it would be desirable to give the District Board a larger measure of financ freedom in respect of small details than is the case at present. Certain steps this direction have already been taken and in consequence of the revision reduction of District Fund Heads of accounts recently sanctioned (*vide* G. O. 7883-93—L. B. 201-10-3, dated 26th April 1912) the District Board can reapp priate funds to a very large extent without reference to Government. The Presidei are requested to submit proposals in detail as to what other financial powers may delegated to the District Boards.

40. Government note that though there has been much improvement in preparation of the present reports, greater attention should be paid in future to that the statements made and the figures furnished are accurate. A few of most obvious errors, discrepancies and omissions have been separately pointed to the Presidents concerned. The reports of the Mysore, Shimoga and Bangal District Boards were received, one, three, and four weeks respectively after prescribed date. The delay caused considerable inconvenience in the preparation the State Administration Report. The Presidents are requested to see that su delays do not recur.

No. 9716-31—ML. 106-12-48, DATED BANGALORE, 9TH JUNE 1913.

PART I—CONSTITUTION AND WORKING OF MUNICIPALITIES.

ORDER THEREON.—The number of Municipalities in the State remained the same as in the previous year, *viz.*, 89. During the year steps were taken to bring the towns of Chintamani, Chiknayakanhalli and Birur under the provisions of the Municipal Regulation No. VII of 1906. The total number of local areas to which the Municipal Regulation was applicable was 32 up to the end of the year 1911-12. The question of bringing the remaining 57 local areas under the Municipal Regulation or converting them into Unions under the Local Boards Regulation is under the consideration of Government.

2. *Elections.*—Elections were for the first time held in the Channapatna, Mulbagal, Sidlaghatta and Chikballapur Municipalities and 15 Municipal Councillors were duly elected. In the Channapatna town, only one candidate got the prescribed number of votes and 4 seats which had to be filled up by election were consequently filled up by nomination. In the Chamrajnagar Municipality a bye-election was held to fill up a vacancy caused by the death of a Municipal Councillor.

3. *Constitution of Municipal Councils and Boards.*—Of the 89 Municipalities which existed during the year, 29 had Municipal Councils constituted under the Municipal Regulation, the affairs of the remaining 60 Municipalities being managed by Municipal Boards constituted under the executive orders of Government. On the last day of the year there were 1,021 members. Of these 128 were elected members, 522 were nominated non-official members and 371 nominated official members.

4. *Meetings and Attendance.*—Seventy-three of the Municipal Boards and Councils met not less than the prescribed number of times, *viz.*, 12, during the year. Of the remaining 16, ten met eleven times, three ten times, and the remaining three nine times. The deficiency in the number of meetings held was chiefly due to want of quorum. The average attendance at each meeting was 2·7 officials and 5 non-officials or 7·7 in all out of an average strength of 11·5 members for each Board. The attendance of non-official members was less than that of the official members in the Hoskote, Nelamangala, Magadi, Bowringpet, Goribidnur, Chiknayakanhalli, Saligram, Saklespur, Belur, Tirthahalli and Koppa Municipalities. The average attendance was less than 50 per cent of the sanctioned strength in only four Municipalities, *viz.*, Sarjapur, Hunsur, Arsikere and Birur.

5. *Working of Committees.*—As in the previous year, the Committees in the capital cities of Bangalore and Mysore met frequently and continued to do useful work. With the exception of those at Tumkur, Shimoga, Chitaldrug, Kadur and

Tarikere, the Municipal Councils of the Municipalities recently brought under the operation of the Mysore Municipal Regulation do not appear to have made any attempt to appoint Committees to frame bye-laws. In the Chitaldrug town, the Committees formed last year for the purpose of framing bye-laws under the Municipal Regulation met four times but did not turn out any useful work for want of model bye-laws to help them. Particulars regarding the number of meetings held have not been furnished in the case of the Committees in the Chikmagalur and Tarikere Municipalities. The Committees in the Hunsur, Nanjangud and Hole-Narsipur Municipalities did not at all meet during the year.

6. *Regulations.*—During the year, the Municipal Regulation, VII of 1906, was amended by Regulation IX of 1911. The amending Regulation conferred the following powers on the Municipal Councils and Government.

(1) The Municipal Councils were empowered to make bye-laws requiring licenses to be obtained for the sale of articles liable to octroi duty.

(2) Duly authorized officers of Municipal Councils were, after obtaining the warrant of a Magistrate, empowered to enter and search any premises wherein articles on which octroi has not been paid are reasonably believed to be kept or concealed and to sieze any such article and arrest any person in possession of the same.

(3) The Government took power to make rules regarding *(a)* the preparation of plans and estimates for works to be partly or wholly constructed out of Municipal Funds and *(b)* the authority by whom and the conditions subject to which, such plans and estimates for works might be sanctioned.

The Mysore Public Conveyance Regulation was during the year extended to the Mysore City and the Municipal Council published the rules framed by them under the Regulation in the *Mysore Gazette* and called for suggestions and objections.

7. *Rules and Bye-laws.*—The vaccination bye-laws of the Bangalore City, and of Malvalli, Kadur, Birur, Koppa, Mudgere and Sringeri as also the bye-laws relating to the collection of Octroi and other taxes in the Bangalore and Mysore cities were sanctioned during the year.

8. *Variations in imposts, taxes, etc.*—In the Municipalities noted below, the taxes and fees noted against each were newly levied during the year.

Mysore City.—Water tax on vacant sites.

Maddagiri.—Octroi, on betel leaves, tobacco, kerosine oil, jaggory and sheep.
T.-Narsipur.—Octroi, on cloth, tobacco and sugar.
Chikmagalur.—Taxes on springed vehicles and animals.
Molakalmuru.—Fees on sheep and goats.

Hosdurga.—Market fees.
Holalkere.—Market fees and octroi on cocoanuts, fresh and dry, kerosine oil, betel leaves, tobacco and jaggory.

The levy of market fees temporarily sanctioned for two years from 1910-11 in the Hiriyur Municipality was made permanent during the year. With a view to find funds for meeting the maintenance charges of the water works in the Harihar town, Government approved of the doubling of the house tax in the Municipality instead of imposing a separate water tax.

9. *Assessment and taxation.*—In the Kankanhalli Municipality, the house and mohatarfa taxes were revised during the year. The Deputy Commissioner of the Mysore District reports that the revision of the house tax in accordance with Municipal Regulation did not take place in any of the Municipalities and that the Municipal Councils concerned have not made any earnest attempt in the matter. In most of the Regulation Municipalities in the other districts also no attempt has been made to levy the taxes on buildings and lands in accordance with the provisions of the Municipal Regulation by framing the necessary rules and bye-laws and observing the preliminary procedure prescribed in Section 60 of the Regulation. The Deputy Commissioners are requested to see that the Presidents concerned take prompt action in the matter.

Local Fund and Sanitary (Municipal), dated 9th June 1913.

10. *Demand, collection and balance.*—The items of revenue which generally require the special attention of the collection staff are the taxes on buildings and lands including lighting and water rates and mohatarfa, the aggregate demand under which for the year of report was Rs. 320,909. Of this, Rs. 61,453 was left uncollected at the end of the year. There has been a steady decrease in the amount of uncollected arrears under current taxes, the percentage decreasing from 29 per cent in 1909-10 to 23 per cent during 1910-11 and to 19 per cent during the year under review. This improvement is chiefly due to better collection work in the Bangalore and Mysore Cities where the percentage of balance under current taxes was 16 and 20 against 25 and 32 respectively in the previous year. The arrears of previous years also decreased from Rs. 115,863 at the end of 1910-11 to Rs. 96,179 at the end of 1911-12 or by about 16 per cent. This was due partly to better collection and partly to large remissions of about Rs. 14,000 of irrecoverable arrears of assessed taxes in the Bangalore and Mysore Cities.

11. The total amount of arrears under assessed taxes exceeded Rs. 2,000 in only 16 Municipalities. The percentage of arrears under current demand exceeded 40 per cent in the Dodballapur, Kolar, Gundlupet, Seringapatam and Arsikere Municipalities. The collection work in these Municipalities was very unsatisfactory. The collection of arrears of previous years was also very unsatisfactory in the Dodballapur, Gundlupet, and Seringapatam Municipalities. In the Davangere and Hassan Municipalities, the total amount outstanding under assessed taxes at the end of the year was almost double that at the end of the previous year, while it was reduced to about one-half in the Chikmagalur Municipality. Government cannot too strongly impress upon the Presidents that the collection of Municipal taxes should receive timely attention and energetic action, and that the accumulation of arrears besides affording a large scope for misappropriations, leads to the necessity for ultimately remitting large amounts that become irrecoverable through efflux of time.

12. *Incidence of taxation.*—The incidence of revenue from taxation was Rs. 2-11-8 in the Bangalore City and Rs. 1-14-9 in the Mysore City. In the other Municipalities, it ranged from Re. 0-4-7 in Talkad to Rs. 4-3-8 in Alur. The incidence in Alur in the previous year was Rs. 3-5-1 and the high rate is due to the diminution of the population according to the recent census and also to the fact that on an average Rs. 2,500 is realized from octroi on account of the large weekly market in Alur, though it contains a population of only 988 persons. The incidence in the Chikmagalur Municipality rose from Rs. 2-2-7 in the previous year to Rs. 3-1-5 on account of better collection of assessed taxes. The high rate of incidence in Honnali, Tumkur and Saklespur Municipalities, namely, Rs. 2-8-0, Rs. 3-2-8 and Rs. 4-13-5 respectively, is due to large * decrease in the population of the Census of 1911, in consequence of the evacuation of the towns at the time of taking the final Census of 1911. It having been represented that the recorded census figures of the Tumkur Town were misleading, a special census of the Tumkur Town has been † ordered to be taken. The Deputy Commissioners of the Shimoga and Hassan Districts are also requested to arrange to take a special census at once in the case of the Honnali and Saklespur Municipalities.

	1901	1911
Honnali	3,894	1,049
Tumkur	11,888	6,049
Saklespur	2,140	804

†Government Order No. 2754—MI. 133 11 2, dated 16th October 1911.

PART II—FINANCIAL POSITION.

13. The income and expenditure during the year amounted to Rs. 9,93,454 and Rs. 9,09,444 against Rs. 9,87,246 and Rs. 9,20,424 in the previous year. The more important of the variations are referred to in the following paragraphs.

14. The following Municipal Boards and councils had debit balances noted against their names:—

1.	Kankanhalli ...	— 1296
2.	Kolar ...	— 159
3.	Srinivaspur ...	— 679
4.	Bagepalli ...	— 48
5	Haribar ...	— 990
6.	Maddur ...	— 200

The resources of the Kankanhalli and Bagepalli Municipal Boards are very slender and very little is spent therein on Public Works, Lighting, Sanitary Inspectors and Local Fund Dispensaries. In Kolar and Srinivaspur, public works have been executed much in excess of the resources of the Boards and the Presidents concerned should curtail the expenditure, and see that the prescribed balance is kept up.

15. In Maddur, the expenditure exceeded the income by Rs. 200 and it behoves the President to keep the annual expenditure within the income. It is noted that when Maddur was converted into a Union, the balance at the credit of the late Maddur Municipal Board on the last day of 1903-04 was transferred to the District Funds in the * accounts for 1903-04. The amount determined by taking into account the income and expenditure of the Panchayet from 1904-05 to the end of 1910-11 should now be re-transferred to the credit of the existing Maddur Municipal Council. The Deputy Commissioner is requested to take early action in the matter. As regards the debit balance of Rs. 990 against the Harihar Municipal Council, Government observe that the expenditure under public works executed by the Public Works Department is shown as Rs. 4,953 in the Comptroller's Civil Accounts instead of Rs. 1,213, in accordance with the statement received from Public Works and Railway Accounts Office. The Comptroller is requested to adjust the excess debit early.

*Para 29 of Government Order No 3332-41—Mi. 209-05 01, dated 26th September 1905

16. The Municipal Boards of Pavagada, Heggaddevankote, Sorab and Chitaldrug had not the prescribed minimum closing balance at their credit, while the closing balances in Chintamani, Tiptur, Shikarpur, Tirthahalli, Tarikere and Birur were in excess of the prescribed maximum.

PART III—RECEIPTS.

17. *Octroi.*—The income from octroi during the year was Rs. 3,27,855 against Rs. 2,98,865 in the previous year, the increase being chiefly under cloths which contributed about 48 per cent of the income from octroi. The duty was restricted to cloth in seventeen Municipalities and no octroi of any kind was levied in four Municipalities, namely, Talkad, Melkote, Maddur and Kumsi.

18. To obviate vexatious interference on the part of minor officials collecting octroi, Government have ordered that the Municipal Councils and Boards may be advised to take immediate action to * exempt from octroi dutiable articles brought within Municipal limits, for *bona fide* consumption in small quantities not exceeding a maximum prescribed by the Government. On account of certain defects in the system of levying octroi, the opinions of the Deputy Commissioners were, on the suggestion of the Comptroller and Financial Secretary to Government, invited in regard to the abolition of octroi. The majority of the Deputy Commissioners were not in favour of abolishing octroi either partially or entirely on the ground that it would not be easy to replace it. Government after considering all the circumstances finally * ordered that if any Municipal Council or Board was disposed to abolish octroi either partially or entirely, it might do so after submitting definite proposals and obtaining the sanction of Government thereto.

* Government Order No 2511 20—Mi. 281-38 20, dated 6th October 1911.

*Government Order No 6981-9—Mi. 148-10-11, dated 25th March 1919.

19. In the Bangalore and Mysore Cities, 31 persons were prosecuted and convicted for the breach of octroi rules and fines amounting to Rs. 140 recovered from them. One case was prosecuted in Shimoga against 2 persons for smuggling dutiable articles and it was pending at the close of the year. Three cases of smuggling were detected in Chiknayakanhalli and Sira and the owners were fined Rs. 40. Some cases of smuggling are also reported to have been detected in Hosdurga and fines of double the amount of duty payable were levied. The total income derived from the sale proceeds of smuggled goods was Rs. 72 during the year.

20. *House and mohatarfa taxes.*—The income under this head amounted to Rs. 2,89,277 against Rs. 2,83,720 in the previous year.

21. *Taxes on vehicles and animals.*—The revenue realized from taxes on vehicles and animals in the Bangalore and Mysore Cities was Rs 9,775 against Rs. 8,162 in the previous year. In the Bangalore City, the income from this source was better than that of the previous year by 25 per cent.

22. *Special sanitary cess.*—In the Bangalore and Mysore Cities, an income of Rs. 5,881 was derived from scavenging cess against Rs. 5,222 in the previous year. The revenue realized in the Mysore City under this head was very small being Rs. 522 only. The conversion of privy pits into daily conservancy latrines in the Bangalore City by persuasive measures contributed to an increase of about Rs. 400. The President reports that the question of revising the existing system of collection of this revenue in the Bangalore City will be considered. Early action is called for in the matter.

23. *Pounds.*—A sum of Rs. 16,857 was realized from pounds in the Municipalities against Rs 13,951 in the previous year. The system of paying rewards for bringing stray cattle to the pound in the Bangalore City * (sanctioned in the previous year) was introduced from the 15th September 1911 The question of opening one or two additional pounds in the city is stated to be engaging the attention of the Municipal Council.

*Notification No 9181–MI 198 07, dated 19th May 1911

24. *Hackney carriages.*—There was an increase of Rs. 399 in the income under this head in the Bangalore City. The President states that the income which is now Rs. 2,082 is capable of further improvement with an increase of establishment. The President's proposals in this behalf will be awaited.

25. *Licenses.*—The income from license fees during the year was Rs. 28,527 against Rs. 28,657 in the previous year. For the erection of pandals and construction and repair of buildings 2,886 licenses were granted and 142 applications were refused during the year. Besides these, 476 applications for licenses to deal in tobacco and 144 applications for other licenses were granted in the Bangalore City.

26. *Grants and contributions.*—The contributions received during the year amount to Rs. 18,785 against Rs 25,094 in the previous year. The contribution payable to the Bangalore City Municipal Council for Educational purposes and feeding in Purnaiya's chattram has been only partially adjusted, while that payable on account of plague charges in the Bangalore City and repairs of portions of District Fund roads lying within the limits of the Bangalore and Mysore Cities has not been adjusted at all The contribution due to the Hassan Town Municipal Council on account of the establishment charges of the Vani Vilas Girls' school for the two years 1910-11 and 1911-12, is reported not to have been adjusted in the accounts. The Comptroller is requested to have the necessary adjustments made in the accounts for 1912-13 and to suggest some definite system of procedure in order to prevent the recurrence of such omissions.

PART IV—EXPENDITURE.

27. *Collection.*—The collection staff in the Bangalore and Mysore Cities continued to work under the Collector of Municipal Taxes and the Special Amildar, respectively. A staff of 6 accountants was entertained temporarily during the year in the Mysore City. This is reported to have resulted in the prompt posting of the demand registers, in the timely issue of processes and in a regular and systematic check over the collections and remittance made by the collection staff. In the Bangalore City, a temporary establishment was entertained for the collection of arrears. The expenditure incurred on this temporary establishment was Rs. 1,222 and consequently there was an increase of about Rs. 7,000 in the old arrears collected. 13,586 demand notices were issued for the collection of house and mohatarfa taxes and 3,305 warrants were adjusted leaving 829 warrants unadjusted, at the end of the year. In 25 cases, the property distrained was sold and the aggregate amount of process fees and interest on arrears realised during the year was Rs. 2,105 against Rs. 2,196 in the previous year.

28. *Lighting.*—The expenditure on lighting was Rs. 66,581 of which Rs. 27,514 was on account of electric lighting in the Bangalore and Mysore Cities. In

Tumkur, measures were taken at the close of the year to discontinue lighting by contract and to carry out this work through Departmental Agency. Fines amounting to Rs. 25 were imposed on the contractor in Davangere for bad lighting.

29. *Rewards for the destruction of rabid dogs, snakes, etc.*—Rewards for the destruction of rabid dogs, snakes, etc, amounted to Rs. 557 against Rs. 620 in the previous year. The Municipal Boards spent also Rs. 807 for the treatment of indigent patients in the Pasteur Institute at Coonoor.

30. *Public works executed by the Civil Department.*—The outlay under this head was Rs. 2,25,740, of which Rs 1,14,629 or about 50 per cent was spent on repairs of roads. No outlay was incurred under this head in the Municipalities of Kankanhalli, Bagepalli, Gudibanda, Kotatagere, Pavagada, Hosdurga and Yedahalli for want of funds, while the non-completion of works in time and the late receipt of bills for works executed account for the absence of expenditure on public works in the Arsikere Municipality.

31. *Water-supply.*—Difficulty for water is reported to have been felt only in the Tiptur, Pavagada and Molakalmuru Municipalties. The first instalment of the water-supply scheme of the Davangere Town for the supply of water in 4 centres at an estimated cost of Rs. 84,000 has been generally approved by Government and the project has been †ordered to be fully worked out in consultation with the Water-supply Department, and submitted to Government. On the representation of the Chikmagalur Municipal Council that the water-supply of the town is very inadequate and unsatisfactory, Government have decided * to construct a subsidiary reservoir at a cost of about Rs. 40,000 from the State Funds. The question of improving the water-supply of Nanjangud Town is engaging attention.

*Government Order No 3066 8—Mi 18 11 17, dated 11th October 1912

†Government Order No 2912-5—Mi. 341-08-8, dated 8th October 1912

32. *Conservancy and sanitation.*—During the year, a sum of Rs. 1,69,463 was spent on conservancy establishment, Rs. 3,078 on watering roads mostly in the Bangalore City and Rs. 37,000 for the purchase of dust-bins, carts, etc. An expenditure of Rs. 12,184 was incurred, chiefly in the Bangalore City and the Kolar, Bowringpet and Srinivaspur Municipalities, in payment of compensation for properties acquired for municipal purposes. A Surveyor and a Sub-Overseer were employed for surveying the Chintamani and Tumkur towns. The survey of the Tumkur town was almost completed at the end of the year, while that of Chintamani was somewhat retarded on account of the prevalence of plague in the town. In the Durgigudi extension of the Shimoga town, 30 bungalow sites and 8 house sites were disposed of during the year and in Channagiri, a new extension was opened out and several houses were constructed.

33. A drainage project for the Sringeri Municipality at a cost of Rs. 20,140 was prepared but it had to lie over for want of funds. As a first step towards carrying out necessary improvements in the Seringapatam Municipality, a lump sum grant of Rs. 4,000, for levelling dilapidated areas and clearing undergrowth and also a grant of Rs. 1,000 a year, for annual maintenance under his head was *sanctioned from the State Funds during the year.

*Government Order No 8001-4—Mi. 355-10-9, dated 30th April 1912.

34. In the Bangalore City, 10,989 premises were inspected by the Sanitary Inspectors. Out of 2,016 notices issued to remedy sanitary defects, 1,344 notices were complied with. During the year, 536 persons were prosecuted for the breach of Sanitary Rules and provisions of the Municipal Regulation. Of these, 351 were convicted and Rs. 642 were realized as fine.

35. *Local Fund Dispensaries.*—Female dispensaries at Chikballapur and Sagar having been newly opened, the number of Local Fund Dispensaries supported in part from the Municipal Funds increased from 64 to 66. The number of patients treated in these dispensaries was 661,270 against 641,741 in the previous year, the expenditure incurred from the Municipal Funds being Rs. 22,238 against Rs. 27,768 during 1910-11.

Local Fund and Sanitary (Municipal), dated 9th June 1913.

36. *Midwives and Maternity.*—Besides contributing two-thirds of the expenditure incurred on account of the Maharani's Hospital at Mysore, the Municipal Boards supported 60 midwives who attended to 4,564 labour cases in all during the year. The total outlay incurred on this account was Rs. 10,853 against Rs. 8,790 in the previous year. In the Maharani's Hospital, 12,163 patients were treated and 416 labor cases attended to, as against 11,590 patients and 383 labor cases in the previous year. The number of labor cases attended to by the midwives at Chamrajpet in the Bangalore City, Weavers' lines, in the Mysore City, Dodballapur, Closepet, Channapatna, Kolar, Mulbagal, Chikballapur, Hassan, Honnali, Sagar, Shikarpur and Davangere exceeded 100 and their work was good. The accounts show an expenditure of Rs. 65 and Rs. 90, respectively, in the Nyamti and Bannur Municipalities on account of midwives though no midwives were attached to these places. The Deputy Commissioners are requested to see that contribution is not paid in such cases in future. The post of the midwife at Periyapatna was vacant throughout the year and the Senior Surgeon is requested to post a midwife for Periyapatna early, if one has not been already posted there for duty.

37. *Ayurvedic and Unani Dispensaries.*—The Vaidyasala at Davangere was abolished during the year. An expenditure of Rs. 3,301 was incurred from the Municipal Funds for the support of 14 Ayurvedic and Unani Dispensaries. These institutions are reported to have been popular.

38. The other Medical Institutions that were subsidised from the Municipal Funds were the St. Martha's Hospital at Bangalore and the Redfern Memorial Hospital at Hassan. These continued to receive grants-in-aid of Rs. 2,400 and Rs. 200 a year, respectively.

39. *Plague, cholera and other charges.*—The expenditure under this head was Rs. 18,516 against Rs. 27,972 in the previous year. Most of this amount was spent in the Bangalore and Mysore Cities. The expenditure in the Bangalore City on this account was a little less than one-half of that in the previous year. This is probably due to the cessation of payment of rewards for destruction of rats from 1st January 1912 and the fewer number of admissions into the Epidemic Diseases Hospital. The expenditure in the Mysore City on this account was about double of that incurred in the previous year. The President is requested to explain the cause of this large increase.

40. To facilitate the evacuation of places infected by plague, shed materials were supplied free of cost to the poor and at cost price to others. In spite of all the help rendered by the local authorities, the people of Davangere and Haribar did not readily respond to the directions of the authorities and suffered in consequence to a great extent. The Isolation Hospital at Mysore and the Epidemic Diseases Hospital at Bangalore continued to be under the supervision of the respective Health Officers. A Plague Hospital in each of the Tumkur and Hassan towns and a plague camp at Shimoga were also maintained during the year.

41. The system of paying rewards for the destruction of rats was *ordered to be discontinued as it was found that official efforts without the combined and concentrated co-operation of the inhabitants were of no avail in the extirpation of rats and that the people themselves should undertake such combined measures as are necessary in the matter.

*Government Order No. 2555-95—San. 26 10-17, dated 11th October 1911.

42. *Vaccination.*—Vaccination was made compulsory in the towns of Kolar, Malur, Mulbagal, Srinivaspur and Bowringpet and the vaccination bye-laws of the Bangalore City and the Malvalli, Kadur, Birur, Koppa, Mudgere and Sringeri towns were sanctioned during the year. In the Bangalore City 664 notices were given to the parents of unprotected children for producing them for vaccination at the nearest depots. Of these, 579 notices were complied with and in 62 cases vaccination was postponed owing to the ill-health of children and 23 cases were referred to the Magistrate for issuing orders to submit the unprotected children for vaccination. The number of persons vaccinated in all the Municipalities was 13,550, against 11,149 in the previous year. Considerable scope for improvement

of vaccination work is reported to exist in the Shimoga District, while the vaccination work in the Chitaldrug District is stated to have deteriorated during the past two years. Vaccination is reported to be very backward in the Municipalities of the Tumkur District, except Turuvekere and Maddagiri, and the Deputy Commissioner suggests that it would be well if the Municipal members co-operated with the vaccination authorities in inducing the people to get their children vaccinated and that interest in this work will have to be stimulated by the award of certificates. The attention of the Sanitary Commissioner is invited to the foregoing remarks.

43. *Veterinary charges.*—The Veterinary Hospitals and Dispensaries continued to be popular and to do good work during the year. The expenditure incurred from the Municipal Funds on account of these institutions was Rs. 1,204 against Rs. 814 in the previous year.

44. *Registration of births and deaths.*—The total number of births and deaths registered was 13,475 and 15,294 against 11,296 and 13,523, respectively, in the previous year. There was an appreciable decrease in the number of deaths, especially from plague in the Kadur District. The number of deaths from cholera was 313, the epidemic being very prevalent in Hassan, Channarayapatna, Shimoga Nyamti, Shikarpur, Hiriyur and Jagalur. It is satisfactory to note that the total number of deaths from small-pox was only 153 against 428 in the previous year.

45. Bye-laws for the compulsory report of births and deaths have not been framed by many of the Municipal Councils. Necessary action should be taken by the Presidents concerned in the matter. The Bangalore and Mysore City Municipal Councils maintained special establishments for the registration of vital statistics and the expenditure incurred for this purpose was Rs. 5,196 against Rs. 4,979 in the previous year. Forty-three persons were prosecuted in the Bangalore City for not reporting births and deaths in accordance with the bye-laws in force. Of these 33 were convicted and fines amounting to Rs. 10 were recovered from them.

46. *Maintenance of public gardens and buildings.*— The expenditure incurred under this head was Rs. 4,870 against Rs. 5,034 in the previous year. The existing parks were well kept up with the exception of that at Chitaldrug which could not be properly maintained for want of water.

47. *Markets and slaughterhouses.*—The construction of a new slaughterhouse at Bowringpet and of a market at Akkipet in the Bangalore City was completed during the year, while that of a slaughterhouse and sheep pen in Davangere was almost completed at the end of the year. Sub-Section 2 of Section 142 of the Municipal Regulation which authorises the seizure and destruction or disposal of adulterated articles of food or drink under the orders of a Magistrate was declared applicable to (*a*) milk and its products (such as curds and buttermilk), ghee, butter, sweet or gingelly oil, wheat flour, sugar and aerated waters in the *Tumkur Municipality from 1st December 1911 and in the †Hassan Municipality from 1st March 1912 and (*b*) ghee, sweet (gingelly) oil and milk in the ‡Kolar Municipality from 1st December 1911.

*Notification No. 3156—Ml. 144-11 6, dated 2nd November 1911.
†Notification No 5165—Ml. 141-11-10, dated 31st January 1912.
‡Notification No. 3159—Ml. 144-11-8, dated 2nd November 1911.

48. *Fairs and festivals.*—An outlay of Rs. 13,066 was incurred under this head against Rs. 6,135 in the previous year. The increase was chiefly on account of the festivities in the Municipalities on the 12th December 1911 and on account of the Coronation at Delhi of Their Imperial Majesties, the King-Emperor and Empress of India. In commemoration of this auspicious event, a few petroleum lamps were put up in the Closepet, Channapatna and Chikballapur Municipalities, while Town Halls were proposed to be constructed at Magadi and Tirthahalli and a public park was resolved to be opened in the Tumkur Town. The Municipal Board of Channagiri contributed a sum of Rs. 100 for awarding prizes in connection with the Agricultural and Industrial Exhibition held at Channagiri in February 1912.

49. *Public instruction.*—The total amount spent on public instruction from the Municipal Funds during the year was Rs. 32,933 against Rs. 32,207 in the previous year. A readjustment of the grants made from the Municipal and Provincial Funds to the schools in the Mysore City was sanctioned by Government thereby *relieving the Mysore City Municipal Council of the grants made by them for certain secondary schools and enabling them to utilize the savings for opening more primary schools or improving and extending existing schools in the city. The proposal of the Chikmagalur Municipal Council to grant a site free of cost for constructing a school for Panchamas has been recently †approved by Government.

*Government Order No. 9891-3—Edn. 278 08-11, dated 21st November 1911.

†Government Order No. 1958-9—Mi. 370 11-2, dated 30th August 1912.

50. *Loans.*—The loans outstanding against the Dodballapur and Tumkur Municipal Councils were completely discharged during the year. The total expenditure incurred on account of interest and repayment of loan was Rs. 17,070. The total amount of principal outstanding at the end of the year was Rs. 1,11,965 exclusive of the instalment paid by the Sringeri Municipal Board which reached the Government Treasury after the close of the year.

PART V—GENERAL.

51. *Audit.*—The Municipal accounts are *required to be audited every month by two or more Municipal Councillors, but it has not been made in the Shimoga Municipality since May 1911. The new scheme of local audit sanctioned during 1910-11 was in fair †working order and the local auditors from the Comptroller's office were engaged in auditing the accounts of the Municipalities from 1910-11 in all the districts except Bangalore and Hassan. Lack of knowledge of account rules and want of supervision over collection of revenue were the chief drawbacks noticed. Careful supervision by Vice-Presidents and close scrutiny of the accounts every month by the Municipal members combined with annual local audits by responsible officers of the Account Department will it is hoped, conduce to the rectification of the existing defects. The audit reports and objections from the Comptroller's office should receive prompt and due attention on the part of the Presidents of the Municipalities.

*Government Order No. 9694-6—Mi 16-07-16, dated 26th March 1908.

†*Vide* para 10 of the Dewan's Address to the Representative Assembly of 1912.

52. *Embezzlements.*—Two cases of embezzlements one in Chikmagalur and the other in Chiknayakanhalli were discovered. The culprits were prosecuted and convicted.

53. *General.*—Government are glad to note that the relations between the official and non-official members of the Municipal Boards continued to be cordial and that the non-official members continued to evince a growing and intelligent interest in the Administration of Municipal affairs.

54. The Deputy Commissioner of the Chitaldrug District reports that the administration of Municipalities therein was fairly satisfactory but doubts whether the introduction of the Municipal Regulation into small Municipalities like Chitaldrug and Harihar was not premature, while the Deputy Commissioner of the Mysore District observes that the Municipal Regulation is not in its full operation in any Municipality of the District, no Municipal Council having as yet framed any bye-laws under the Municipal Regulation and that it may take a long time before the provisions of the Regulation are well understood and applied in the administration of the Municipal matters, seeing that no action has been taken even in such simple and urgent matters as the revision of the house tax and the framing of building bye-laws. Government hope that with the more sustained

advice and co-operation of the local officers the Municipal Councils will soon supply the omissions.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Correspondence ending with letter No. 5393—L. A. D. 773, dated the 19th February 1913, from the Comptroller to the Government of His Highness the Maharaja of Mysore, submitting a copy of the draft Municipal Account Manual as finally passed by the Conference during the Dasara of 1912, and requesting early orders on the recommendations of the Conference.

No. 10120-37—ML. 411-06-35, DATED BANGALORE, 21ST JUNE 1913.

ORDER THEREON.—Consequent on the promulgation of the Mysore Municipal Regulation, VII of 1906, the Comptroller was requested on 22nd February 1907 to frame a set of rules for the proper maintenance and audit of accounts in all the Municipalities of the State. A draft Municipal Manual was accordingly compiled by Assistant Comptroller, Mr. B. Srinivasa Iyengar under the instructions of Mr. J. S. Chakravarti, Comptroller to Government, and submitted to Government. In April 1912, the Government accorded their general approval to the draft Manual and directed that printed copies thereof be distributed to the Deputy Commissioners and their criticisms, if any, should be considered at a Conference to be held at Mysore.

2. A Conference of the marginally noted Heads of Departments and Deputy Commissioners was accordingly held at Mysore during the Dasara of 1912 for considering the provisions of the draft Manual.

1. Mr. J. S. Chakravarti, M.A., F.R.A.S., Comptroller and Financial Secretary to the Government of His Highness the Maharaja of Mysore (President).
2. Mr. K. S. Dorasami Iyer, Revenue Commissioner in Mysore.
3. Mr. M. Kantaraj Urs, B.A., Excise Commissioner in Mysore.
4. Mr. C. Srikanteswara Aiyar, B.A., B.L., Inspector-General of Police in Mysore.
5. Mr. K. R. Srinivasiengar, M.A., Officiating Secretary to Government of His Highness the Maharaja of Mysore, General and Revenue Departments.
6. Mr. B. J. Kumarasami Naik, B.A., Deputy Commissioner, Bangalore District.
7. Mr. P. F. Bowring, Deputy Commissioner, Kolar District.
8. Mr. C. S. Balasundaram Iyer, B.A., Officiating Deputy Commissioner, Tumkur District.
9. Mr. K. Krishna Iyer, Officiating Deputy Commissioner, Mysore District.
10. Mr. P. R. W. Wetherall, Deputy Commissioner, Hassan District.
11. Mr. K. Srinivasa Rao, Deputy Commissioner, Shimoga District.
12. Mr. A. Subramanya Iyer, B. A., Officiating Deputy Commissioner, Kadur District.

3. In submitting a copy of the Manual as finally approved by the Conference together with copies of the proceedings and recommendations of the Conference, the Comptroller requests that Government be pleased to pass early orders on the recommendations of the Conference and to accord their final approval to the adoption of the Manual.

4. After careful consideration of the subject, Government are pleased to accept the recommendations of the Conference and direct that the Manual as finally approved by the Conference be printed for use in connection with the several Municipalities in the State. These rules are recommended to the Municipal Councils for adoption with necessary modifications as rules under Section 46 and other enabling provisions of the Municipal Regulation. The Deputy Commissioners and the Presidents of the Bangalore and Mysore City Municipal Councils are requested to impress on the Municipal Councils concerned the necessity for the early adoption of a set of Account Rules and see that prompt action is taken in the matter. Such of the rules and forms in the Manual as are not generally suited to the requirements of Municipalities other than those of the Cities of Bangalore and Mysore are distinguished by an asterisk placed against each rule and form; but important Municipal Councils other than those of the Bangalore and Mysore Cities may also adopt such of the rules and forms distinguished by an asterisk as are suitable for their requirements.

5. Government are also pleased to direct that the rules and forms not marked with an asterisk, that is, those which are of general applicability, be adopted in all the Non-Regulation Municipalities, with effect from the 1st July 1913, and that they be translated into Kannada and printed as a separate Manual. The Comptroller is requested to take early action for the issue of the Kannada Manual.

Local Fund and Sanitary (Municipal), dated 21st June 1913.

13. Mr K Chandy, B A, Deputy Commissioner, Chitaldrug District.

6. The Superintendent of the Government Press and Stationery is requested to print and supply free of cost the forms and registers prescribed in the Manual at a very early date on indents to be submitted by the several Deputy Commissioners and Presidents of Municipalities.

7. The acknowledgments of the Government are conveyed to Mr. J. S. Chakravarti and to his Assistant Mr. B. Srinivasiengar for their labours in the preparation of the Manual, and to the several members of the Conference for their co-operation and suggestions.

Subject No. 27 discussed by Messrs U. Shiva Rao and S. Manjuh, Chikmagalur Municipality, at the Representative Assembly of 1911.

No. 10051-60—ML. 336-11-9, DATED BANGALORE, 19TH JUNE 1913.

ORDER THEREON.—Under Sub-Section (2) of Section 40 of the Mysore Municipal Regulation, VII of 1906, as amended by Regulation IX of 1911, every sale of immovable property by a Municipal Council requires the previous sanction of Government. Before the Municipal Regulation became law, the Deputy Commissioners as Presidents of Municipalities used to sell sites in Municipal towns without reference to Government. The question of amending the Regulation so as to take power to Government to delegate to the Deputy Commissioners the power to sell immovable property belonging to or vested in a Municipal Council subject to certain money limit as to the value of the property had been engaging the attention of the Government. The subject was last mooted in the Representative Assembly of 1911, wherein it was represented that Municipal Councils should be allowed to effect sales of immovable property when the estimated value does not exceed Rs. 200, or that the Deputy Commissioners, as Presidents of Municipalities, might be delegated with the authority vested in the Government.

2. Action will be taken to amend the law so as to enable Government to delegate the power of sanctioning sales of immovable property to the Deputy Commissioners of Districts.

Letter No. 4401, dated the 6th May 1913, from the Sanitary Commissioner in Mysore, forwarding a copy of letter No. 257, dated the 26th April 1913, from the District Medical and Sanitary Officer, Bangalore District, bringing to notice the want of proper sanitary arrangements on the occasion of car festival at Tirumale in the Magadi Taluk.

No. 9642-50—SAN. 118-12-2, DATED BANGALORE, 7TH JUNE 1913.

ORDER THEREON.—The letter read above and its enclosure are printed below and communicated to the Deputy Commissioners and Presidents of the Municipal and District Boards with a request that when applying to Government for sanction to hold special jatras, cattle shows and exhibitions, a brief report may invariably be submitted for the information of Government as to the sanitary arrangements proposed to be made on the occasion.

K. R. SRINIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Sanitary Commissioner with the Government of Mysore.

The Deputy Commissioners of Districts and Presidents of Municipal and District Boards.

Letter No. 4401, dated the 6th May 1913, from the Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore, to the Secretary to Government

I have the honor to forward herewith for the information of Government copy of letter No. 257, dated the 26th ultimo, from the District Medical and Sanitary Officer, Bangalore District, bringing to notice the lack of sanitary arrangements on the occasion of the recent car festival at Tirumale in the Magadi Taluk.

2. I beg to state that on occasions of the kind it would be useful to insist by means of a standing order, upon the Revenue authorities taking proper precautions in consultation with the local Medical Officer before permitting the holding of such jatras where a large concourse of people is expected.

ENCLOSURE.

Letter No. 257, dated the 26th April 1913, from the District Medical and Sanitary Officer, Bangalore District, to the Sanitary Commissioner in Mysore.

I have the honor to make the following report in regard to the celebration of the Sri Ranganathaswami car festival at Tirumale a suburb of Magadi included within the Municipal limit of the latter.

The festival was arranged to last from 18th to 22nd instant and in connection with it, a cattle show and an industrial exhibition were organized. Knowing that under the three-fold purpose a large gathering of people would take place, the Deputy Commissioner desired me that I should go over and deliver some lectures on Health and Sanitation to the benefit of the people assembling there. Accordingly I went there, but to my disappointment I found that hardly any arrangement was made by the local authority, to the comfort and safety of the people.

The most important consideration on such an occasion was the water-supply for both men and cattle, of which over 1,000 had collected both for show and sale. As an old temple, many devotees attached to it had built a number of wells and kalyanis in former days: but from neglect and stagnation of the water thereof not one of them was in an usable condition; still the people in their helplessness began to use the water of some of these wells both for drinking and cooking purposes. The water in these wells had been covered with algae and diatoms, and full of animalcula and a few of these wells were further polluted by bathing and washing by hundreds of people, both men and women. What struck me most was the absolute impunity with which the use of a most abominable well locally going by the name of karnick, for panakam and samaradanes. On the very day after my arrival, I advised the

Local Fund and Sanitary (Sanitary), dated 7th June 1913.

Amildar in writing that the use of this well for drinking and cooking purposes should be prohibited, but no action was taken to give effect to my advice. I found people using the water even after that; and on the third day, that is, on the 19th instant. I could no longer bear to see the people using such a dirty and filthy water in the name of charity and religion, to the detriment of the health of the people, who readily rushed to drink or eat whatever was offered by the organisers of araventige and samaradanes; and I wrote again to the Amildar to stop people using the particular well water, but whether he posted any man over the well or not, I did not know, as I received no reply to my two communications to him.

The Government having given a Sub-Assistant Surgeon and a Sanitary Inspector for the taluk, the local officer should have enlisted the co-operation of the former, and utilised the professional knowledge of the latter, on an occasion where so many lives were at stake because of the prevalence of cholera at Kunigal not far from Magadi and some villages of Channapatna and Closepet, whence people were coming in large numbers.

On an occasion of this kind, the chief requirements, which a sanitarian has to look to, are:—

(1) Water-supply—source, protection and its distribution both for men and cattle.

(2) Conservancy arrangement—

(*a*) Provision of public latrines—its removal and disposal.

(*b*) Street conservancy—collection of rubbish and disposal.

(3) Lighting.

(4) Arrangement of shops.

(5) Selection of places for rendezvousing carts and cattle.

(6) Providing some kind of shelter for the people assembling there.

(7) Medical aid in the locality.

These are arrangements that should have been attended to some days before; and if the officials responsible for looking into these matters were entrusted with their respective duties, the Sanitary Department would have justified its existence. If it is not given a chance to show its usefulness, or the advices of its responsible officers are not attended, it is very desirable that the object of the Sanitary Department must be brought well home to the Revenue authorities.

In conclusion, I request that the Government be kindly addressed in the matter, to pass some proceedings in *re* management of fairs and festivals in the light of modern sanitary reforms for their guidance and to the justification of the existence of the Sanitary Department.

Letter No. 4896, dated the 14th May 1912, from the Sanitary Commissioner, recommending sanction to the appointment of two reserve vaccinators for each district and also to train a batch of 16 men in the Vaccine Institute, Bangalore, by granting them scholarships at the rate of Rs. 5 each per month for a period of two months, as considerable difficulty is experienced for want of trained men to be appointed as vaccinators.

2. Correspondence ending with letter No. 127, dated the 9th July 1912, from the same officer, stating that the standard of general educational qualification for candidates to be trained as vaccinators may be fixed as the Lower Secondary Examination in Kannada and, if English knowing candidates become available, completion of the 4th standard studies would be sufficient and that their pay may be fixed at Rs. (12—½—18).

No. 10062-3—SAN. 127-11-4, DATED BANGALORE, 21ST JUNE 1913.

ORDER THEREON.—The appointment of eight reserve vaccinators at the rate of one for each district, is sanctioned. They may, as proposed by the Sanitary Commissioner, be trained at the Vaccine Institute, Bangalore, for a period of two months on payment of a scholarship of Rs. 5 each per month, and then appointed as vaccinators on a pay of Rs. (12—1—15).

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Correspondence ending with letter No 21, dated the 27th November 1912, from the Deputy Commissioner, Bangalore District, regarding the dispute between the Vaisyas and the Lingayets of Closepet about the construction of the Kannika Parameswari temple at the place.

No. 2373—MUZ. 321-12-2, DATED BANGALORE, 10TH JUNE 1913.

ORDER THEREON.—In the year 1903, the Vaisyas of Closepet petitioned the Deputy Amildar for the grant of a license for the reconstruction and extension of the Kannika Parameswari temple in the Dodpet at the place, and the Deputy Amildar after satisfying himself that the house in place of which the temple was proposed to be built was in the possession of the petitioners and that the deity was being kept and worshipped there and on presentation of a Mahazar to the effect that there was no objection to the temple being built on the spot, granted permission to erect the temple. The building was not, however, immediately constructed as owing to the prevalence of plague and other causes people had to evacuate the town. In October 1909, the Vaisyas again petitioned the Deputy Amildar for the renewal of the license and a fresh license was thereupon granted by the Deputy Amildar to build the temple.

2. Upon this, the Lingayets of the place petitioned the local officers and Government, protesting against the construction of the temple by the Vaisyas in the centre of Dodpet through which all processions of Hindus and Mahomedans pass. They contended that the deity was not worshipped by any other class except the Komatis, that there was a breach of the peace in 1887, when the Goddess was taken in procession, that the temple was a new one and that the Komatis would after building the temple carry the deity in procession with parade of insignia against manul and prayed that the permission sought for for building the temple may not be granted.

3. The Sub-Division Officer thereupon issued an order to stay the work till the question was finally decided.

4. Several petitions were received by the local officers and by Government from both the parties one party urging for permission being granted for the building of the temple and the other protesting against such a permission being given.

5. The Deputy Commissioner's report having been called for on the subject, he visited the spot personally and reported that the temple was designed to face the east, *i.e.*, towards the high road, that the people of other panas objected to it and that, as the Vaisyas would not consent to leave a lane to the north as an approach from the main road to the temple, he was of opinion that permission should not be granted for the construction of the temple.

6. The papers having come up to Government for orders, they considered that it would be inexpedient to allow the erection of the temple in such a prominent situation against the wishes of the Lingayets and that it ought to be possible for local officers to induce the parties to come to some agreement and informed the Deputy Commissioner and the parties that they were not prepared to allow the Vaisyas to construct the temple unless they can come to some agreement with the opposing party.

7. The Deputy Commissioner now reports in the letter read above that although the Vaisyas agree to bind themselves to any reasonable conditions that might be imposed upon them, it is impossible to effect a compromise between the parties, as the Lingayets and others are very obstinate and object to the construction of the temple. He is of opinion that the Lingayets and others can have no reasonable objection to the erection of the temple with the stringent conditions now imposed upon and agreed to by the Vaisyas and that this community who form a large and influential section of the people of Closepet are entitled to all reasonable facilities for worship and accordingly recommends that permission may be granted to the Vaisyas to build the temple subject to those conditions.

Muzrai, dated 10th June 1913.

8. Government agree with the Deputy Commissioner and are pleased to accord permission to the Vaisyas to build the Kannika Parameswari temple on the spot in question subject to the following conditions:—

(1) A lane, 8 feet wide, should be provided towards the north of the site as an approach from the main road and the temple should face the north and open into this lane.

(2) No doorway should be opened on the main road.

(3) The privilege of stoppage of music on any occasion near the temple when processions of any other classes of people pass through the high road should not be claimed by the Vaisyas.

(4) No processions should be carried out by the Vaisyas except in strict accord with mamul.

(5) A stone slab inscribed with the purport of these conditions in English and Kannada should be put up at the cost of the Vaisyas in a conspicuous place that may be pointed out by the Deputy Commissioner.

9. The Deputy Commissioner should see that the stone slab referred to above is securely and conspicuously placed on the temple wall facing the main road.

Government Proceedings No. 142—Muz. F. 134-07, dated 9th July 1910, passing orders regarding the management of the temple of Sri Phani Veerabhadra Devaru at Harakere in the Shimoga Taluk and of the inam lands endowed to the institution in Basavangangur village.

2. Letter No. 99, dated 12th September 1912, from the Deputy Commissioner, Shimoga District, submitting further information on the scale of expenditure and reporting upon the collection of the arrears of revenue due to the temple, etc.

No. 2384-5—MUZ. 134-07, DATED BANGALORE, 10TH JUNE 1913.

ORDER THEREON.—In the order quoted above, the scale of expenditure submitted by the Deputy Commissioner was not sanctioned, as no provision was made therein for the claims of the old servants of the temple and a revised scale was called for. The Deputy Commissioner again recommends for sanction the original scale submitted by him. The Government consider that some recognition should be given to the representatives of the original holders of the Sivasahasranama and Paricharike services and they are, accordingly, pleased to make a suitable provision in the scale. The appended revised scale providing for an expenditure of Rs. 120 per annum is suitable and is sanctioned.

2. As regards the arrears due from Krishnavadhani, the proposal of the Deputy Commissioner to levy at the rate of Rs. 23-2-0 per year up to 1905-06 and to levy at Rs. 36-4-0 the full survey rate, since then, is no doubt strictly correct; but taking all the circumstances of the case into consideration, the Government are pleased to direct that the concession of the lower rate should be allowed to Krishnavadhani until the management was formally taken up by Government in 1910 and the balance of arrears against him should be struck accordingly.

3. The same concession should also be allowed in the case of Paricharak Sitarama Sastri referred to in para 11 of the Deputy Commissioner's letter read above.

4. As regards the Deputy Commissioner's proposal contained in para 12 of his letter to resume the lands in the enjoyment of Krishnavadhani and Sitarama Sastri and to cancel the existing leases including that of Sankamma, the daughter-in-law of the Vahivatdar Pandurangappa, and to lease out the entire extent for a fixed period with a view to bring all the lands under cultivation, Government consider that the step is too drastic and that the leases granted by the Sub-Divisional Officer, Shimoga, to Sankamma and others should be respected till their term is over. But if the lessees do not seriously object, the Deputy Commissioner may make his own arrangements in the matter.

5. The bill for Rs. 138 on account of the allowances, etc., due to the Archak of the temple for 1908-09 and 1909-10 is sanctioned and forwarded to the Comptroller for audit, the amount being met from a sum of Rs. 358-12-0 reported to be available at the credit of the institution under Muzrai Funds.

Government Order No. 929-40—M. F. 157-06, dated 28th October 1911, passing orders regarding the supply of sandalwood to the several Muzrai institutions in the State.

Government Order No. 2849-59—M. F. 239-11-3, dated 20th May 1912, directing that the rates fixed in Government Order No. R. 8310—Ft. 150-04-2, dated the 8th March 1905, be adopted to calculate for a period of five years, inclusive of the year 1911-12, the value of the quantities of the sandalwood to be supplied to the several Muzrai institutions entitled thereto.

Letter No. 7910—Muz. 321, dated 14—20th June 1912, from the Comptroller to Government, stating that in the List A accompanying the first of the orders read above, the sort of wood that has to be supplied has been indicated only in the case of some institutions, while in the case of others, no mention of the sort is made, and requesting orders regarding the particular class of wood to be supplied in these cases.

Letters Nos. 167—Muz. 46, dated 26th November 1912, and 269, dated 7th December 1912, from the Deputy Commissioners of Shimoga and Mysore Districts, respectively, on the same subject.

No. 2407-18—Muz. 239-11-8, dated Bangalore, 12th June 1913.

ORDER THEREON.—In the List A accompanying the first of the Government Orders read above, the class of wood to be supplied has been mentioned against nine of the institutions enumerated and the Government observe that in the case of these institutions there cannot have been any difficulty in the supply of sandalwood of the specified class.

2. In the case of the remaining institutions the sort or class of sandalwood to be supplied has not been indicated, information in this respect not being available in the Inam Settlement accounts. On further consideration the Government are of opinion that in these cases also the sandalwood to be supplied should be of the sort utilized generally for making sandal paste. The Conservator of Forests thinks that the classes known as "Ghat Badala" and "Bagaradad" will suit the purpose. As the fifth sort (Ghat Badala) is the lowest class of wood which has been so far expressly mentioned in the sannads, the Government are pleased to direct that in the case of the remaining institutions also the same class of wood should be supplied. The Deputy Commissioners will accordingly arrange on indents for the purchase of the quantity of wood required for their respective districts, if need be, in communication with the Conservator of Forests and for the supply of the sanctioned quantities to the various institutions entitled to the same. The cost will be settled on bills presented by the Forest Department and the required amount will be transferred by book adjustment from the Muzrai to the Forest Department.

3. The Comptroller to the Government will make due provision in the Muzrai budget for the cost of the sandalwood required to be supplied and will communicate the amounts so provided for each district to the Conservator of Forests and the Deputy Commissioners of Districts.

No. 2443-4—Muz. F. 462-11-8, dated Bangalore, 23rd June 1913.

ORDER THEREON.—The Sri Visveswaraswami temple at Shikarpur is a Muzrai institution enjoying jodi lands 16 acres and 34 guntas in extent and bearing an assessment of Rs. 60-4-0 per year and subject to a jodi of Rs. 34-1-0. The annual income of the temple is said to be Rs. 140.

1. On a perusal of the records submitted by the Deputy Commissioner, Government are satisfied about the necessity of prescribing a scale of expenditure in the temple and consider that the scale submitted by the Deputy Commissioner and appended to this order is suitable and are accordingly pleased to sanction it. The Vahivatdar should be directed to conduct the worship and other services in the temple according to the sanctioned scale and maintain regular accounts of income and expenditure.

No. 2457-8—MUZ. F. 531-11-4, DATED BANGALORE, 23RD JUNE 1913.

ORDER THEREON.—The Government Order of the 1st November 1905 sanctioning, as a temporary measure, a scale of expenditure amounting to Rs. 1,776-13-9 per annum in the Branch Uttaradi Matt at Seringapatam, provided a sum of Rs. 142 for Hetchukatle expenditure, leaving a balance of Rs. 377-5-8 annually for periodical repairs and unforeseen expenses. The Deputy Commissioner now reports that certain items for Hetchukatle expenditure were not included in the above scale and has submitted a revised scale of expenditure amounting to Rs. 346 therefor.

2. Government are of opinion that the scale of Hetchukatle expenses needs revision. The scale of expenditure in the Matt will be as appended to this order. The savings are thus reduced to Rs. 203-5-8 per annum which will be utilized for periodical repairs and unforeseen expenditure of the Matt.

K. R. SRINIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Mysore District.
